Invitation

Dear colleagues and friends,

On behalf of the Korean Association for the Study of Intestinal Diseases (KASID), I am pleased to invite you to the 3rd International Meeting on Intestinal Diseases in Conjunction with the Annual Congress of the Korean Association for the Study of Intestinal Diseases (IMKASID 2019) to be held at the Seoul Dragon City in Korea from April 12 to 13, 2019.

The KASID decided to expand its domestic annual meeting to an international meeting and the first IMKASID was held in 2016, followed by the second one in 2018. In 2019, we are going to hold the 3rd meeting for the sake of the active exchange between the international scholars in the fields of intestinal diseases.

The two-day of IMKASID 2019 with the theme "*Lighting Up the Way for Advanced Intestinal Research and Practice*" will be the most optimal congress for all the participants to learn, share, and discuss updated information and the results of their research. In particular, the organizing committee has prepared an attractive and indispensable scientific program reflecting the latest trends, issues, and advances on various subjects including inflammatory bowel disease, colorectal cancer, small bowel disease, nutrition, etc.

We hope this conference will benefit all the participants and provide them with pleasant experiences. We expect to meet all of you at IMKASID 2019 in Seoul!

Yours sincerely,

Yoon Tae Jeon

Why to attend IMKASID 2019?

- To update and exchange knowledge of basic and clinical research of intestinal diseases in Asia through attendance and global networking.
- To stimulate exchange of ideas by hearing expert's debates about the most appropriate approach to the case-based problems related to major intestinal disease topics.
- To directly gain access to an internationally renowned faculty of top experts in the field of intestinal diseases.
- For young doctors, the meeting will provide a stepping stone for them to make an early debut on the international stage.
- To grasp an opportunity for young aspirants to apply for a young investigator award or a travel award.
