

Quarantine Management Flow Chart for Overseas Entrants (Entrants via an Airport)

<Overseas Immigration Management Team of Central Disease Control Headquarters, Mar. 10. 2022.(Thu.)>

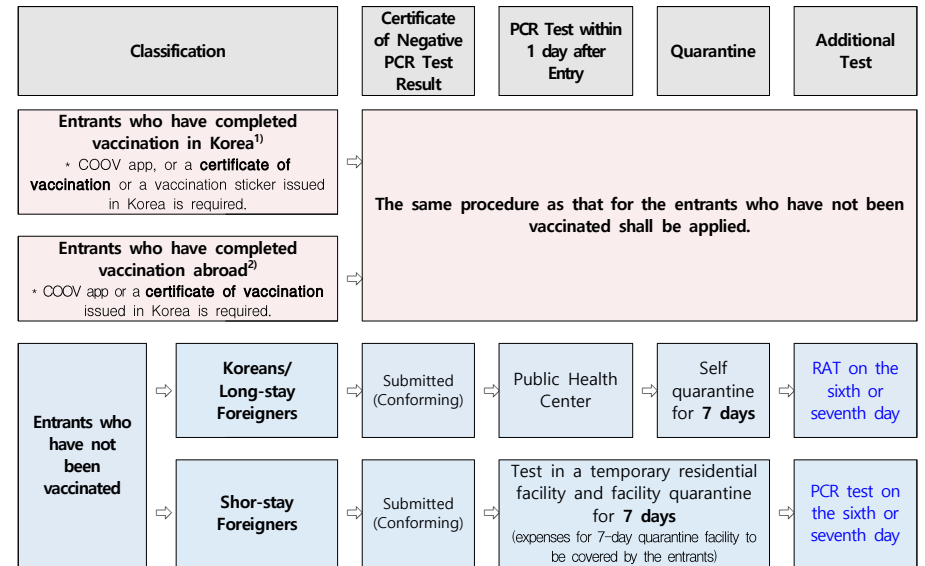

- ◆ **Koreans and foreigners who do not hold a certificate of negative PCR test result for COVID-19 (including those who hold a non-conforming certificate) shall be restricted from getting on board the aircraft.**
 - * However, if the certificate of negative PCR test result for COVID-19 is found non-conforming after arrival in Korea, the Koreans shall be put to **5-day** facility quarantine (at their own expense) plus **2-day** self-quarantine, and the entry of the foreigners shall be refused.
 - ※ As to the entrants who are exempted from submitting a certificate of negative PCR test result, refer to 'FAQ related to Submission of a Certificate of Negative PCR Test Result' in the announcement.
- ◆ **Countries that are excluded from quarantine exemption for those who have completed vaccination → 'All countries/regions' are designated temporarily.**
 - Even the entrants who have completed vaccination shall be put to seven-day mandatory quarantine.
- ◆ **Pilot operating guide for the quarantine information pre-entry system (Q-CODE)**
 - Q-CODE system users are not required to submit a health status questionnaire or a special quarantine report (verified by the system)
 - ※ Details, including who can use the system and how to use it, are available at <https://cov19ent.kdca.go.kr>
- ◆ **Conduct a Rapid Antigen Test (RAT) on the sixth or seventh day following the arrival date.**
 - (RAT) By self-examination or visit medical facilities or screening clinics
 - * However, entrants from overseas aged 60 and over can undergo PCR testing at screening clinics of public health centers
 - Maintain the current status for persons in facility quarantine (Conduct a PCR test on the sixth or seventh day)

□ Symptomatic Entrants

□ Asymptomatic Entrants

○ Entrants from Normal Countries

1) It shall be applied only to the entrants who have completed vaccination at least 14 days before the date of entry and who can prove it with the COOV app, or a vaccination certificate or a vaccination sticker issued in Korea.

* In the case of the entrants who have a record of having been vaccinated once in Korea and once abroad, if the history of the first and second vaccination can be proved with a vaccination certificate issued in Korea, they are regarded as 'entrants who have completed vaccination in Korea'. (As for the registration in Korean system and issuance of vaccination certificate, the inquiries should be sent to the local Public Health Center.)

2) It shall be applied only to the entrants who have completed vaccination at least 14 days before the date of entry and who can prove it with the COOV app or a vaccination certificate issued in Korea. (The same actions as those for the entrants who have completed vaccination in Korea shall be applied.)

* If the vaccination history cannot be proved at the time of entry, refer to 'Guide for Registration of Overseas Vaccination History' at the end of this document.

※ Vaccination certificates can be printed from 'Vaccination Aid Homepage (nip.kdac.go.kr), or government 24 (www.gov.kr)' and vaccination certificates can be issued only in a Public Health Center.

※ Individuals with the 'Vaccination Completed' sticker on their passports may use alternate modes of transportation, such as public transportation, to travel from the airport to their residence (other entrants may use their own car or transportation of preventive measures such as separately designated airport buses or KTX (designated compartment)).

○ Holders of a Quarantine Exemption Certificate

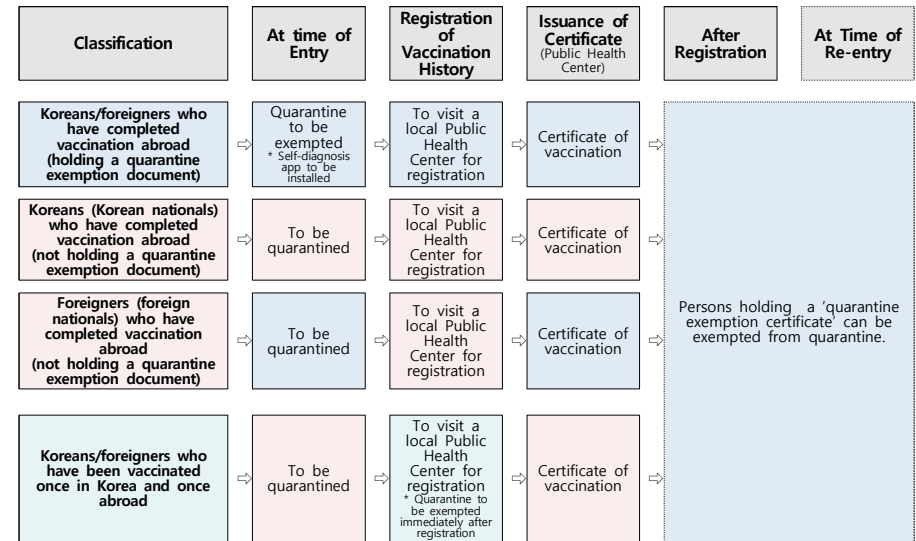

☞ As to the details, the 「Guidelines for Issuance of Quarantine Exemption Documents to Overseas Entrants」 of the Central Disaster and Safety Countermeasure Headquarters shall be followed.

※ The case of an entrant who holds an A1 (Diplomatic affairs), A2 (Government affairs), or A3 (Treaty) visa, or for whom a 'quarantine exemption document' is issued by a Korean embassy (or the related ministry) before the entry, etc.

※ For all the entrants to whom the SOFA is applied (US Armed Forces in Korea, related persons), PCR tests shall be carried out in a camp of the US Armed Forces in Korea.

□ Guide for Registration of Overseas Vaccination History (when not registered at the time of entry)

※ The persons listed above should register their overseas vaccination histories* in each of their local public health centers and, when they have been in close contact with a confirmed case patient, the same quarantine principles applied to those who have completed vaccination in Korea such as social distancing can be applied.

* A documented material that includes ① name, ② date of birth, ③ type of vaccine, ④ date of vaccination, ⑤ name of vaccination institution, and ⑥ the seal of the vaccination institution or the relevant national health authority. If the material is not in Korean or English, the translated Korean or English version and a translation verification document (notarization is required for a version translated personally) should be submitted together with the material.

※ When persons who have registered their vaccination histories in the domestic system enter Korea again, they must verify that they have completed vaccination by presenting the COOV app or a vaccination certificate issued in Korea at the screening stage. (The entrants from the countries that are excluded from quarantine exemption cannot be exempted from quarantine.)
